Dear Sir:

This is in response to the Office Action mailed October 5, 2005. Claims 1 - 47 are pending. Claims 1 - 47 were restricted under 35 USC § 121 as follows:

- I. Claims 1 - 19 are said to be drawn to a method of making an electrolyte membrane, classified in Class 427, subclass various; and
- II. Claims 20 - 47 are said to be drawn to an electrolyte membrane, classified in Class 429, subclass various.

Election

In response, Applicants elect Group I, with traverse.

Reconsideration and withdrawal or modification of the restriction requirement is respectfully requested.

Applicants submit that the claims of Groups I and II are so interrelated that a search of one group of claims will reveal art to the other. Moreover, the classification of the claims of Groups I and II in different classes and subclasses is not necessarily sufficient grounds to require restriction.

Were restriction to be effected between the claims of Groups I and II, a separate examination of the claims of Groups I and II would require substantial duplication of work on the

part of the U.S. Patent and Trademark Office. Even though some additional consideration would be necessary, the scope of analysis of novelty of all the claims of Groups I and II would have to be as rigorous as when only the claims of Group I were being considered by themselves. Clearly, this duplication of effort would not be warranted where these claims of different categories are so interrelated. Further, Applicants submit that for restriction to be effected between the claims of Groups I and II, it would place an undue burden by requiring payment of a separate filing fee for examination of the nonelected claims, as well as the added costs associated with prosecuting two applications and maintaining two patents.

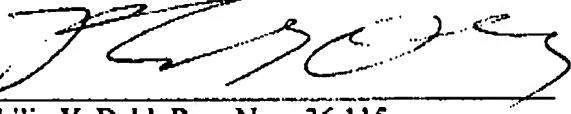

Conclusion

Applicants have elected Group I. Continued prosecution of this application is respectfully requested.

It is believed that no fee is due; however, in the event a fee is required, please charge the fee to Deposit Account No. 13-3723. The Examiner is invited to contact the undersigned at the indicated telephone number with questions that can be resolved with a simple teleconference.

Respectfully submitted,

By:
